

Zerust® ICT® 510-C Multimetal Film

TECHNOLOGY THAT PROTECTS METAL FROM CORROSION

PRODUCT INFORMATION

Zerust® ICT® 510-C Multimetal Film is an easy-to-use packaging film that contains our proven Zerust® ICT® corrosion inhibiting technology. Zerust® ICT® 510-C Multimetal Film is cost-effective and versatile protection against corrosion damage for parts that contain combinations of ferrous and non-ferrous metals in typical shipping and storage conditions. Use Zerust® ICT® 510-C Multimetal Film to protect electronic equipment & components, machinery, automotive CKD components, and any other part composed of multiple metal types. Zerust® ICT® 510-C Multimetal Film is one of the most widely used Zerust® packaging products and has proven its performance with thousands of customers worldwide for over 20 years.

Zerust® ICT® 510-C Multimetal Film is also known as Zerust® multimetal polyethylene film and bags, which our customers have been purchasing for years, just with a new name. The "ICT®" or "Integrated Corrosion Technologies®" name better allows us to differentiate Zerust® from generic "VCI" products that contain less desirable chemicals and poorer performing technologies.

APPLICATION EXAMPLES

ZERUST® ICT® 510-C MULTIMETAL GREEN FILM USED TO PROTECT STAMPED AUTOMOTIVE COMPONENTS DURING OCEAN SHIPMENT.

ZERUST® ICT® 510-C MULTIMETAL GREEN FILM USED TO PROTECT AN ENTIRE MACHINE DURING INTERNATIONAL SHIPMENT IN CZECH REPUBLIC.

FEATURES

- Proven corrosion protection
- Easy-to-use
- Non-toxic
- Recyclable

BENEFITS

- Reduce corrosion incidents
- Improve shipment yield rates
- Keep parts clean and dirt-free
- Save money & resources
- Comes with Zerust® global on-site support

By preserving your metal parts during storage and shipment, Zerust® ICT® 510-C Multimetal Film will help you reduce the need for inspection, rework, scrapping and excess inventory—saving you and your company significant money and resources.

APPLICATION TYPE

CORROSION PROTECTION FOR:

ORDERING INFORMATION

■ CONFIGURATIONS

Bags (flat & gusset), tubing, sheeting

■ SIZE RANGE (WIDTH)

Bags & tubing:

2" - 125" (flat)

2" - 150" (gusset)

Sheeting: 2" - 26'

■ THICKNESS

1-8 mil

■ COLOR

Green is the standard color for

Zerust® ICT®510-C Multimetal Film.

Other colors available upon request.

■ PROTECTION TYPE

Multimetal corrosion protection capability.

■ PROTECTION LIFE

Will protect metals for up to 5 years if properly packed and stored.

■ SHELF LIFE

Shelf life of 2 years if stored at 85° F or less, out of direct sunlight and in original packaging.
